NOTICE OF VIRTUAL PUBLIC STATEMENT HEARINGS

(Issued September 4, 2020)

On December 27, 2019, Hecate Energy Greene 1 LLC, Hecate Energy Greene 2 LLC, and Hecate Energy Greene County 3 LLC (collectively, Hecate Greene), wholly owned subsidiaries of Hecate Energy New York LLC and Hecate Energy NAF LLC, filed with the New York State Board on Electric Generation Siting and the Environment (Siting Board) an application seeking authority to build and operate a 50-megawatt photovoltaic (PV) solar electric generating facility (the Facility), to be located in the Town of Coxsackie, Greene County, New York, on approximately 827 acres of primarily agricultural land that would be leased from private landowners. The Facility would consist of solar PV generating panels connected by underground collection lines that will supply electricity to the bulk electric transmission system owned by Central Hudson Gas & Electric Corporation (Central Hudson). The Facility would interconnect with the existing Coxsackie-North Catskill 69 kilovolt transmission line and would require the construction of inverters, a medium voltage collection system, substations, generation tie lines, access roads, and fencing. Hecate Greene supplemented its application on March 20, May 8, and July 28, 2020.

On September 2, 2020, the Chair of the New York State Board on Electric Generation Siting and the Environment (Siting Board) determined that Hecate Greene's application complies with the Siting Board's filing requirements.
